optiSERV[®] accent[®]

THE PERFECT SOLUTION

The OptiServ Accent[®] is ideal for environments where space is limited. Designed to fit tight spaces previously reserved for folded towels, the OptiServ Accent[®] provides the operational benefits of a larger roll towel dispenser in a compact and attractive design.

FITS VIRTUALLY ANYWHERE

At just over 12 inches high, the OptiServ Accent[®] is nearly six inches shorter than full-size dispensers so it can fit into tight spaces like those between cabinets and countertops. The OptiServ Accent[®] does not require external electricity, wiring or batteries and the reversible cover can be installed to open from the left or right, increasing the options for placement.

SIMPLE TO OPERATE AND MAINTAIN

With each pull of the slightly exposed towel, the OptiServ Accent[®] dispenses and cuts a single 11-inch towel so a new towel is ready and waiting for the next patron. There are no settings to adjust and no levers or buttons are required to operate the dispenser so the risk of cross-contamination is greatly reduced. The translucent cover saves maintenance time as staff can see at a glance when it is time to refill the dispenser, and the locking cover prevents pilferage.

VERSATILE

A variety of towel grades and lengths provide multiple options to fit a range of preferences and budgets. The OptiServ Accent[®] is available in five translucent colors to complement any facility's design, and can even be imprinted with a company name or logo for a unique, coordinated washroom experience.

ADA Title III Compliant

The OptiServ Accent[®] is ADA Title III compliant when installed according to the guidelines outlined in the ADA Standards for Accessible Design. Paper is easily dispensed with one hand, with less than 5 lbs. of force and without tight grasping, pinching or twisting of the wrist.

ON FOR SMALL SPACES

The OptiServ Accent® promotes hygiene

HANDS FREE OPERATION You touch only your personal towel, greatly reducing the risk of cross-contamination

REDUCES BACTERIA Paper towels reduce the number of bacteria on hands, unlike warm air dryers which can increase and spread harmful bacteria in the washroom

HAACP The hands-free design supports the principles of HACCP (Hazard Analysis and Critical Control Point) as an important preventative measure in avoiding cross-contamination

The OptiServ Accent® is environmentally preferable

CONTROLS USAGE Metered dispensing of one pre-measured towel discourages waste

GREEN SEAL™ CERTIFIED TOWELS A variety of 100% recycled Green Seal™ certified towels are available

RECYCLED CONTENT The OptiServ Accent® contains between 25-35% recycled materials

The OptiServ Accent® controls costs

HIGH CAPACITY ROLLS High capacity supplies of up to 550 feet ensure uptime and reduce maintenance costs

LOCKING COVER Locking cover prevents pilferage and waste

MAINTENANCE AT A GLANCE The translucent cover saves maintenance time, as staff can see at a glance when it is time to refill the dispenser

Availability and specifications are subject to change.

 This mark indicates that the dispenser is ADA Title III compliant. Dispensers require less than 5 lbs. of force to effortlessly dispense product as set forth in the ADA Accessibility Guidelines. On all ADA compliant dispensers, controls and operating mechanisms are operable with one hand and do not require tight grasping, pinching, or twisting of the wrist.
